25X1 [ ] Spoke with Mrs. Posey, in the office of Congressman John J. Rhodes (R., Ariz.), and advised we had not been successful in identifying the publication News from Ukraine by the title and publisher she had given us. In response to her further request as to a Ukrainian organization with whom she could correspond on this matter, I suggested the Ukrainian Congress Committee of America, 302 West 13th Street, New York City, and she said she would not attribute this information to the Agency.

25X1 [ ] Accompanied [ ] to a briefing of James Gehrig, Senate Space Committee staff, for access to information in [ ] in connection with a briefing he will receive at NASA tomorrow morning. 25X1 [ ] Handcarried to the office of Representative Daniel J. Flood a response to a constituent inquiry concerning [ ] [ ] alleged to have been a Navy pilot associated with the Agency and missing in action in Vietnam. Scrivner said the material provided would be quite useful in their dealings with [ ]
